USS Montague

DALLAS, TEXAS.—Named for a County of Texas upon the Red River, the USS Montague, a pistol packin' mothership of Pacific invasion, was launched this week at U. S. Steel's Federal shipyards in Kearny, N. J.

Designed as a C-2 type fast freighter of the Maritime commission, the ship's plans were changed to accomodate navy equipment that will enable the vessel to shoot its way up to Jap-held territory and then disgorge tanks, landing barges and other supplies for mechanized invasion.

The USS Montague is the second 14,000-ton ship of this type to be launched from the Kearny yards in 1945.

Fred Carpenter Becomes Manager of Hamlin Home & Auto Supply

This will introduce (?) an old timer in a new role of business activity in Hamlin—Fred Carpenter became Manager of the Hamlin & Auto Supply Store, on February 10, taking the place of Lem Nichols, who started the store last October, 1944. Lem gave up his place in the firm to enter the armed services this month.

Fred Carpenter is not an old man, or an old timer by any means; yet, he has been in Hamlin since 1923. He was first with the State Bank till about 1933, when he became general accountant for the York Stores, which position he continued to hold until sold to Spears & Warren, and on till the end of the past year. So by no means is Fred a stranger. He has held too many positions in the civic, educational and church circles in Hamlin the past twenty years to be called a newcomer. So, now that Mr. Carpenter has become interested in and manager of the Hamlin Home & Auto Supply Store, it settles the question of whether or not he and his wife and son will continue to make their home here. His new position will enable him many liberties and opportunities to have a part in matters for the betterment of the Hamlin community.

Silver Star Awarded Captain Truman Raley

CHAPLAIN TRUMAN RALEY

The Hamlin Herald is always glad to hear of the safety, successes, and the honors of our boys in service.

Sometimes information of honors awarded to our boys, comes to us late, and this is the case about Captain Truman Raley, Chaplain in the United States Army, seeing service on the German battle-front. The official announcement of the award to Chaplain Raley of the Silver Star for gallantry in action and the Purple Heart for wounds sustained in the same action, was sent to his wife in North Carolina, was later published in a daily paper there, and later was sent to his parents, Mr. and Mrs. A. V. Raley, who reside east of Hamlin.

The announcement reads as follows:

"Chaplain Raley, while serving with an Armored Field Artillery Battalion voluntarily and courageously moved about under a heavy enemy artillery and mortar barrage, administering first aid, cheer and spiritual comfort to wounded men. Disregarding his personal safety, with thoughts only of the sufferings and wants of his wounded comrades, Chaplain Raley unselfishly and unceasingly remained with the men, constantly exposed to danger until they were evacuated to safety. He continued his search for other injured men in the area and while picking his way through the falling shells, was wounded. The willingness to be of service and the courageous attitude and the devotion to duty displayed by Chaplain Raley reflect great credit upon himself, his profession, and the Army of the United States."

Capt. Raley has been overseas for 28 months, first being stationed with a hospital unit in England. This unit was moved to North Africa and during that campaign he sought a transfer to the Field Artillery in order to be with a combat unit. The request was denied but a few months later he renewed his request and this time it was granted. He served in the field for the remainder of the North African campaign and throughout the Sicilian campaign and moved into France where he is now serving.

Capt. Raley was graduated from Oklahoma Baptist University at Shawnee and from the Southwestern Baptist Theological Seminary at Fort Worth. He was prominently identified with collegiate athletics during his undergraduate days and because of his prowess with the gloves has been dubbed "The Fighting Chaplain" by men of the Army. He has visited in North Carolina and has many friends in that state. It was at Ridgecrest, N. C., where he often attended Baptist conferences, that he met his wife.

Mrs. Raley, a student pilot, has about completed a nurses' aide course at Memorial Hospital. She is making her home with her parents, Mr. and Mrs. J. W. Allen in North Carolina, while Capt. Raley is overseas.

Chamber of Commerce Directors Warn Against Advertising Rackets

The Chamber of Commerce Board of Directors again is appealing to Chamber of Commerce members and others to refuse to give advertising to solicitors representing out-of-town advertising agencies, until the solicitor shows a letter of recommendation from the investigating committee of the Chamber of Commerce.

"If Hamlin merchants will work together," Mrs. E. M. Wilson, Secretary, added, "we will be able to protect ourselves against these advertising rackets that are again flourishing."

Haskell Carter President Chamber of Commerce

Haskell Carter was elected president of the Hamlin Chamber of Commerce for the ensuing year at a meeting of the Board of Directors held Tuesday afternoon, Feb. 13.

AFTER ALL "The Three Old Men" seem to have gotten along together pretty well.

IF YOU do not know just where "Yalta" is located, better look it up, for you will be hearing of the "Yalta Conference" a long time...and sometimes it will be called "The Crimean Agreement"—drive a peg on the Crimean also for it has long ago been one of the world's historic spots.

NOW LISTEN for the "San Francisco Conference"...that, too, promises to be one of the world's "pivot points" of history.

DON'T GET angry with Russia because she does not jump on Japan. Uncle Joe has a pretty nasty job unfinished over on the Oder...and then again he is afraid that if he leaves Germany very long, his soldiers will get Berlin burning and he will miss all that fun.

SO THE WAR goes well, except that thousands of our boys are paying a terrible price. When we see a "returned" soldier, there is something that wells up in our breast and we call it "gratitude." But note how modest every single one of them is in your presence. That is a sign of true nobleness. Note, too, that they never speak lightly of their enemies.

ONE SOLDIER said, "You must remember that the Germans have made us fight right where they could look down our throats, all the way from Africa up through Italy and now in Germany." You see, they run when they can't do that.

Pvt. Lesley Shelburne has written his wife, the former Bettie Myrtle Routh, that he had landed in Belgium. The letter was dated Jan. 21. Lesley left Hamlin Dec. 21. He is going fast, and a letter postmarked Feb. 2, says, "somewhere in Germany." He has met up with a cousin from Midland.

Lieutenant and Mrs. Ray H. Humphreys, accompanied by his mother, Mrs. Viola Humphreys of Lubbock, were here this past week end visiting Hamlin friends. Ray, a member of an engineer unit attached to the Fifth Army in Italy, arrived in the States, January 25, on 30-day Temporary Duty. He has served 22 months overseas, taking part in the North African and the Italian campaigns, and at the expiration of his leave, he will return to his company in Italy.

Prior to induction Dec. 9, 1941, Lt. Humphreys attended Texas Technological College, Lubbock, and was employed by an oil company in Odessa, Texas.

Lt. Humphreys is quite a different person from the "kid" who left Hamlin not so many years ago. He has a quiet, assured bearing and speaks with confidence and authority in regard to his work.

His brother, Cpl. J. E. Humphreys, also in the engineers, is with the First Army in Belgium. This makes them a family of engineers almost, as their father, the late A. H. Humphreys, served in an engineer unit of the old 36th Division in World War I.

His wife makes her home in Dallas, where she is employed by an insurance firm.

Milton is down in the Pacific and is hearing from home people and is getting boxes, letters and Heralds right along. He must have let slip some "secrets" as the censor cut his first page slip into two parts. He, Bill Harbert and Bill Calhoun spent Christmas together. Cpl. Pitcock likes his Chaplain. He says the Chaplain is a good speaker and brings his messages home, too, and also that he lives and does as he preaches. (OK, Milton, here's hoping that ere long you will be back helping "clean out the store, each Monday morning.")

VETERAN OF MUCH ACTION IN ETO HOME ON LEAVE

Tech. Sgt. R. E. L. Burgess, son of Mrs. Lena Floyd and grandson of Mrs. Leola Lower, arrived in the States February 2 from France. Sgt. Burgess has been in the Army nearly six years, and he wears many decorations of honor—and why not? He was at Cassa Blanca, Tunisia, Sicily, and from Salerno to Anzio, and finally into the Southern France invasion, and when he left the Third Division to come home on a "30-day temporary duty," he was in the Colmar section along the Rhine. This young fellow represents the "Regular" army, a typical rifleman of the infantry. Sgt. Burgess wears the Combat Infantryman's Badge, a silver rifle on a blue background with silver wreath; also the Silver Star award for gallantry in action; the Purple Heart, with oak leaf Cluster (wounded twice); the ETO ribbon with seven battle stars; and with all this he wears the Good Conduct ribbon. He says that Anzio was the toughest spot in all his experiences.

Sgt. Burgess says that he got to see Dad Andress twice, for a short time, but was not near him when he was killed.

Burgess will be going back to France after reporting to Fort Sam Houston, some time in March.

Powder Monkey

On board ship and in the artillery their buddies call them "powder monkeys." Not disrespectful, just a personal, intimate term between friends. Civilians call them gun crews. During a battle the crews of "powder monkeys" must work like trojans bringing the ammunition to the guns.

The gun may fire an anti aircraft .50 calibre shell or a broadside from the 16 inch guns of a great battleship, but in either event the "powder monkey" must pass millions of dollars worth of ammunition to make the gun effective, and your savings in War Bonds are necessary to supply the financial ammunition that provides the shells.

**SUPPOSE THAT YOU
COULD FLICK A SWITCH**

AND GET A SIZZLING STEAK!

Be wonderful, wouldn't it? Sizzle . . . sniff . . . m-m-m-m . . . a-a-a-a-h!

"But," you say, "steaks are scarce and expensive. Steaks are rationed. Steaks have gone to war."

That's right—and there are good reasons why.

But is it any less wonderful that you CAN still get electric service at the flick of a switch—without shortage or rationing—at low pre-war prices—when vast amounts of electricity have gone to war plants?

Our folks have done their war job so quietly and well it's easy to take 'em for granted. We hope you won't—that you'll remember their hard work as you use radio, range refrigerator, washer, cleaner and other electric servants that make wartime living so much easier.

What you can take for granted is the fact that your friends in this company will provide plenty of low priced electricity to run the mechanical marvels in your post-war home.

**Miss Jimmie Dee George
Becomes Bride Of
Pvt. Buford Jackson**

Miss Jimmie Dee George, daughter of Mr. and Mrs. Albert George, became the bride of Private James Buford Jackson, son of Mr. and Mrs. W. C. Jackson, in a candle-light ceremony, Wednesday evening in the home of the bride's parents.

The Rev. C. E. Dick read the single ring ceremony, and traditional wedding music was played by Mrs. Stanley Jackson.

The bride, given in marriage by her father, wore a two-piece navy sheer frock trimmed with bands of pink lace. She carried a cascade bouquet of calla lilies.

Attending the bride as maid of honor was her only sister, Miss Betty George, who wore a two-piece woolen suit in a soft shade of pink. Her corsage was of white carnations.

S/Sgt. W. Stanley Jackson, brother of the groom, was best man. He is in the Air Transport Command, stationed at Manchester, New Hampshire.

Banked ferns and pink flowers and white candles formed the background for the wedding party.

**Miss Maxine Brundage
Married In Chicago
February Fifth**

A wedding of local interest to Hamlin friends took place February 5, at four o'clock, in the drawing room of the Three Arts Club, Chicago, Illinois, when Miss Maxine Brundage, daughter of Mr. and Mrs. B. M. Brundage of Hamlin, Texas, became the bride of Ensign Ralph H. Worley, Naval Air Corps, son of Mr. and Mrs. H. S. Worley of Denver, Colorado.

Banked ferns, flanked by lighted tapers in floor candelabra, formed the setting for the ring ceremony which was read by the Rev. K. N. Hildebrand, of the Fourth Presbyterian Church, Chicago.

Before the ceremony, Miss Jane Young played "To a Wild Rose," and Miss Georgia Bettes sang "I Love Thee," by Grieg. Miss Young also played traditional wedding music.

The bride wore an afternoon dress of aqua crepe with sweetheart neckline and lace trim. Her hat was of

soft baby-pink roses with a short veil. She wore long white kid gloves, and her flowers were a hand corsage of pink camellias.

Her maid of honor, Miss Virginia Haubrock, of Kenova, West Virginia, wore an afternoon dress of pastel pink mesh, and for her hat chose an aqua Juliet cap. She carried a corsage fashioned of pink and maroon carnations.

Ensign James N. Orange, of Denver, Colorado, a cousin of the groom, served as best man.

The bride's mother, Mrs. B. M. Brundage of Hamlin, wore a black suit with taffeta trim and a corsage of white camellias. Other out-of-town guests included four friends of the groom, all of the Naval Air Corps.

Following the ceremony, a reception was held in the tea room of the Club. The tea table, laid with a lace cloth and appointed in silver, was centered with an arrangement of white snapdragons and lillies. The first piece of the wedding cake, decorated with white wedding bells and lillies, was cut by the bride, and was later served with white mints and tea.

The bride is a graduate of Hamlin High School and she attended North Texas State Teachers College, Denton, and Texas Christian University, Fort Worth. She received her Bachelor's Degree in Music from the Chicago Conservatory last year. At the time of her marriage, she was a member of the teaching staff of the Conservatory.

Ensign Worley is a graduate of Denver High School and was attending the University of Denver at the time he entered service. He received his wings at Corpus Christi, Texas, and also trained at Pensacola and Miami, Florida.

Ensign and Mrs. Worley left February 6 for a short honeymoon in Denver. For traveling, the bride wore a powder blue wool suit with black accessories. Later they will go to the West Coast, where Ensign Worley will await further orders.

**Mrs. R. A. Crockett
Hostess To Garden Club**

Mrs. R. A. Crockett was hostess to the Hamlin Garden Club, Friday afternoon, Feb. 9. Members answered roll call by giving valuable "Don'ts" in our garden.

Mrs. Harold Bonner, leader of the program, gave valuable instructions on preparation of garden soil, the lack of which accounts for many failures.

Mrs. R. B. Wiar discussed "Planting in the Moon." She explained the chronological cycles of the moon and gave scientific reasons why planting in certain phases of the moon promotes growth or fruiting condition of plants. Mrs. Ray Jones talked on "February Vegetable Planting," listing varieties adapted to early planting and calling attention to benefits derived from early gardens.—Reporter.
